

Applications

Conventional Inks

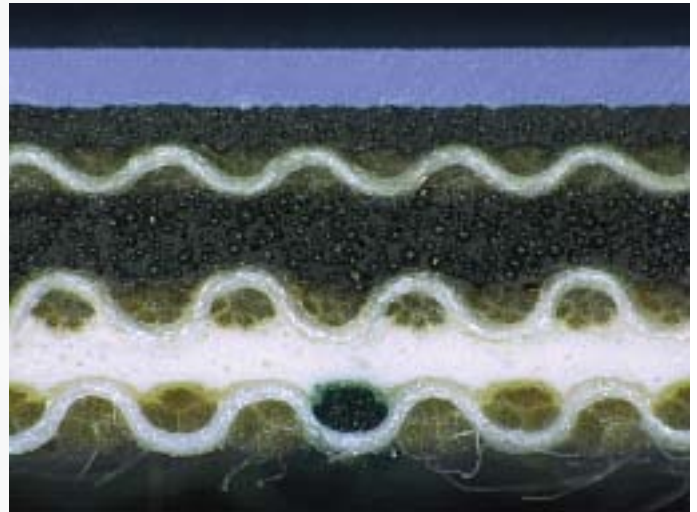

- Newspaper / Cold Web
- Heatset Web

Features and Benefits

- High Quality Cotton Carcass resists solvent and water penetration
- ThermaSphere® compressible layer
- Double Surface Rubber Technology
- Smooth, consistent neutral web feed
- Surface profile for smooth solid and sharp halftone reproduction
- Superior Press Life

Specifications

Color:	Blue
Ply/Gauge:	.077"/4ply
Compressibility:	Medium
Surface:	Buffed
Surface Roughness (Ra):	0.8µm
Hardness (Shore A):	82°
Micro Hardness (Surface):	61°
Elongation (%):	< 1.2

Blanket Guarantee:

The DYC/Kinyo manufacturing process guarantees no pinholes, no porosity and uniformity of thickness from blanket to blanket.

The blankets are guaranteed to be talc free, in perfect condition and ready to mount on your press when you receive them. If our blankets do not perform, it will cost you nothing.

Consistent, Superior Quality Guaranteed.
