

Applications

UV Inks / Coating

- Commercial Sheetfed
- UV Coating
- Packaging

Features and Benefits

- High Quality Cotton Carcass
- ThermaSphere® Compressible Layer
- Proprietary EPDM Face Compound
- Reduced embossing
- Hard, Polished Print Surface
- Sharp Dot Reproduction on all stock weights
- Reduced edge cutting

Specifications

Color:	Purple
Gauge/Ply:	0.066" /3ply 0.076" /4ply
Compressibility:	Hard
Hardness (Shore A):	78° - 82°
Surface Roughness (Ra):	0.9µm
Micro Hardness:	56°
Elongation (%):	<1.0

Blanket Guarantee:

The DYC/Kinyo manufacturing process guarantees no pinholes, no porosity and uniformity of thickness from blanket to blanket.

The blankets are guaranteed to be talc free, in perfect condition and ready to mount on your press when you receive them. If our blankets do not perform, it will cost you nothing.

Consistent, Superior Quality Guaranteed.
