

Applications

High Speed Heat Set Web / Commercial Sheet Fed/Packaging

- High Speed Heat Set Web applications
- Sheet fed Printing
- Packaging

Features and Benefits

- Long blanket life
- Excellent resistance to solvents and washes
- Strong constitution
- Excellent compressibility
- Ultra sharp dot
- Durable
- Economical

Specifications

Color	Grey
Gauge/Ply	.067" /3Ply .077" /4Ply
Compressibility	Soft
Surface	Polished
Surface Roughness (Ra)	0.8
Hardness (Shore A)	78° - 82°
Micro Hardness (Surface)	64°
Elongation (%)	<1.0%

Blanket Guarantee:

The DYC/Kinyo manufacturing process guarantees no pinholes, no porosity and uniformity of thickness from blanket to blanket.

The blankets are guaranteed to be talc free, in perfect condition and ready to mount on your press when you receive them. If our blankets do not perform, it will cost you nothing.

Consistent, Superior Quality Guaranteed.
